Valley-wide Services

## ending homelessness

**A New Leaf's Housing & Shelter Services provide housing solutions and resources to give a home to individuals and families struggling with homelessness.**

Households across the Valley are facing rising living costs, unaffordable housing, and unemployment. Many families and individuals are only a paycheck away from homelessness. If you or a loved one are facing housing challenges, A New Leaf offers a variety of resources:

### homeless shelters

Homeless shelters are a critical resource for those experiencing the housing crisis that is devastating our community. These shelters provide everything, including safety, basic needs, and comprehensive services that support vulnerable families and individuals in Arizona.

### affordable housing solutions

Long-term housing solutions are a critical resource for those experiencing the housing crisis that is devastating our community. Both low-income families and survivors facing housing emergencies can find long-term apartments to find safety, security, and, ultimately, transition into independent living.

### rent and utility assistance

Rental and utility assistance programs provide a variety of resources to help vulnerable households avoid homelessness, or secure housing after becoming homeless. This allows a household to stabilize much faster and prepare for future financial challenges, greatly improving their chance of success.
