# Rapid ReHousing Program

**A New Leaf's Rapid ReHousing program provides rental subsidy and case management for individuals and families across the Valley currently experiencing homelessness.**

## **Quick Access to Stable Housing**

Rapid Re-Housing helps households move into stable housing more quickly by reducing the time it would typically take to save for an apartment or home. Financial assistance is available for up to 12 months, depending on each household's needs, income, and overall situation. This short-term support is designed to remove immediate barriers and help participants secure housing as quickly as possible.

## **Flexible Financial Assistance**

Participants may receive help with move-in costs, including application fees, as well as ongoing support for rent and utilities. Assistance is tailored to each household and adjusted over time based on monthly evaluations by a Housing Case Manager. This flexible approach ensures that support remains appropriate while encouraging households to gradually take on more financial responsibility.

## Support for Long-Term Stability

In addition to financial assistance, participants receive temporary case management and access to supportive services. This includes workforce assistance, connections to community resources, and referrals to meet individual needs. Through consistent guidance and personalized support, participants are equipped to address challenges and maintain stable housing well beyond the duration of the program.

## How to Access Support

All single participants are evaluated according to the Service Prioritization Decision Assistance Tool (Vi-SPDAT) through **211**.

All families are assessed using the Family Service Prioritization Decision Assistance Tool (Vi-FSPDAT) through **211**. All participants that score in the Rapid ReHousing range by the assessments are considered eligible and then referred to Rapid ReHousing providers.

Households should call centralized services at **(877) 211-8661**.

## Where Support is Offered

Program staff meet participants at locations across the community, there is no physical office for this program. Services are offered where they are needed most, with several geographic areas of emphasis. These areas change frequently, so please reach out to our staff to determine if Rapid ReHousing is offered in your community.
