Strong Foundations Education Center Phoenix

A New Leaf's Strong Foundations offers affordable childcare and education to families from across the Valley for infants, toddlers, and children ages 0-5.

A Strong Start for Early Learning

Strong Foundations Education Center provides affordable childcare and early education for children ages 0-5 in a safe, supportive environment designed to help every child grow with confidence. Through nurturing care and engaging learning experiences, children build the emotional, social, and academic skills that create a strong foundation for lifelong success.

Learning Designed Around Your Child

At Strong Foundations, every child is treated with respect and encouraged to learn at their own pace. Teachers help children develop important early skills like self-regulation, independence, communication, and positive relationships with others. By creating emotionally supportive classrooms, we help children build resilience and confidence during the most important years of development.

High-Quality Care Families Can Trust

Strong Foundations maintains small classroom sizes and low student-to-teacher ratios to ensure children receive individualized attention and care. The center follows Quality First and Early Head Start standards across all six classrooms, including four Early Head Start classrooms and two pre-kindergarten classrooms. This commitment to high-quality early education helps families feel confident their children are learning and thriving in a safe, caring environment.
